

# NUMBER OF PERSONS CHARGED

## BY THE OFFICE OF THE DISTRICT ATTORNEY – HUMBOLDT COUNTY

---

**About this report:** This report shows the number of persons charged for the time period of *January through September*, for the years 1999 to 2003.

Totals for each time period are broken down into three case types:

1. felonies,
2. misdemeanors, and
3. infractions

A person having multiple case types (such as a felony and a misdemeanor) is only counted once according to the most serious case type.

This report does not show the number of cases filed. It shows the number of persons prosecuted. The number of cases filed is a subset of the number of persons charged because some criminal cases have multiple defendants.

Year	Felonies	Percent Change	Misdemeanors	Percent Change	Infractions	Percent Change	Total	Percent Change
