Chapter 5 Community Infrastructure and Service

This Element identifies community infrastructure and services issues that affect Plan implementation.

Key Topics and Issues	Plan Update Approach (Alternative B)	Existing Framework Plan (Alternative D)	Alternative A	Alternative C
<p>Adequate Infrastructure and Services. Adequate public infrastructure and services throughout the County provide a foundation for growth and are essential for community health, safety, and quality of life.</p> <p>Should the County base land use planning decisions on minimum levels of service for infrastructure and services and condition project approval according to such requirements?</p>	<p>Requires that adequate service levels be available for the type of development proposed (IS-P4). This is accomplished through the establishment of level of service standards (IS-S1); and programs that involve exactions and ongoing service funding (IS-P5, P6, and IS-IM3 through IM8); development impact fees (IS-IM4); and coordinated infrastructure and service capacity and capital improvement planning (IS-P1, P7, P10, IS-S1-S2, IS-IM1, IM20-IM27).</p>	<p>Does not contain clear policies requiring infrastructure and services or establish comprehensive minimum service standards.</p>	<p>Requires projects to be served with adequate levels of service concurrently with project implementation (IS-P4 and Standard IS-S1).</p>	<p>Does not establish infrastructure and service standards. Standards would be applied on a project-by-project basis.</p>
<p>Funding for Services and Construction and Maintenance of Infrastructure.</p>	<p>Following the completion of appropriate studies, the proposed Plan establishes development impact fees for</p>	<p>Does not identify the need for infrastructure and service funding or</p>	<p>Requires that new development be subject to funding mitigations when</p>	<p>Allows discretionary project approval with a recorded notice of</p>

<p>Funding for existing services and infrastructure is inadequate and new programs may be required to bring existing services up to standard, or maintain them at current levels as well as to support new development.</p> <p>Should the County establish development impact fees to fund new infrastructure demanded by development and establish tax or assessment funding programs to support service levels?</p>	<p>facilities such as roads and drainage systems and the framework for the formation of special tax and assessment districts to fund new infrastructure and its ongoing maintenance (IS-P5, IS-IM3 through IM18).</p>	<p>contain policies to ensure such funding is put in place as development occurs.</p>	<p>significant fiscal impacts are identified (IS-P5).</p>	<p>infrastructure or service deficiency. (IS-P4)</p>
<p>Coordination with Service Providers. Effective land use planning requires close coordination with municipal service providers.</p> <p>What are the County’s coordination obligations for delivery and funding of services that the County does not directly provide?</p>	<p>Coordination with other service providers is among the highest priorities of this element (IS-G3 and IS-P1). This element supports and encourages the preparation of capital improvement programs (IS-P19), provides for regular consultation with service providers (IS-P8, IS-IM24 and IS-IM27) and requires the restriction of new</p>	<p>There are few policies regarding Intergovernmental coordination, which are found within specific sections of the plan, such as trail system coordination with Caltrans, coordination with economic development</p>	<p>Contains the same Intergovernmental coordination policies as the proposed Plan</p>	<p>Contains many of the same Inter-governmental coordination policies as the proposed Plan, but limits the service provider coordination to project review and service capacity.</p>

		C	D	4820.6. Conversion of closed school sites and facilities to other uses should be consistent with existing or planned land uses of adjacent areas.		
				5.5 Standards		
A	B			IS-S1. Adequate Public Infrastructure and Services Ordinance. Adequate public infrastructure and services standards shall be used to determine the level of infrastructure and services necessary for new development. Standards shall be specified by ordinance for County provided services, including roads, bicycle and pedestrian facilities, drainage, law enforcement, on-site wastewater disposal and recreation. Standards for non-County services, including public transportation, water, public wastewater, emergency services and fire, shall be referenced and based on applicable service provider criteria. County standards shall be consistent with Plan policies and, to the extent practical, generally accepted levels of service. Standards for non-County services shall <u>should</u> be consistent with levels of service adopted by local service providers and, to the extent practical, generally accepted levels of service. A	B			IS-IM2. Adequate Public infrastructure and Services Standards. Develop and adopt an ordinance establishing adequate public infrastructure and services standards.		
				COMMENTS:		
A	B			IS-IM3. Comprehensive Fiscal Impact Study. Prepare and regularly update a comprehensive fiscal impact study that quantifies the relationship between new development and the need for additional public facilities and services.		
				COMMENTS:		
A	B			IS- IM4. Impact Fees for New Development: Establish and periodically update a development impact fee program based on a comprehensive development fiscal impact study and other similar studies.		
				COMMENTS:		
A	B			IS-IM5. Fiscal Impact Assessment. Prepare guidelines for the preparation and evaluation of fiscal impact assessments for large scale discretionary projects. Establish threshold criteria to identify applicable large-scale projects.		
				COMMENTS:		
A	B	C		IS-IM6. Mello Roos Community Facilities Districts/Special Assessment District Formation Procedures. Prepare local goals and policies concerning the use of the Mello Roos Community Facilities Act of 1982 (pursuant to California Government Code Sections 55312.7 and 53345.8) and include special assessment district financing program policies, as appropriate.

				COMMENTS:		
A	B			IS-IM8. Infrastructure and Services Funding Sources. Establish funding sources for public facilities and services including impact fees, tax increment financing, special taxes, special assessments, user fees, and grant funding.		
				COMMENTS:		
A	B	C		IS-IM9. Reimbursement. Develop the ability to enter into voluntary reimbursement agreements to reimburse developers over time as subsequent development is approved for expenditures in excess of the developer's fair share costs.		
				COMMENTS:		
A	B	C		IS-IM10. State and Federal Legislation, Appropriations, and Grant and Loan Programs. The County shall actively advocate for state and federal legislation, appropriations, and grant and loan programs that increase funding for community infrastructure.		
				COMMENTS:		
A	B			IS-IM11. State and Federal Advocacy. Maintain a list of legislative and regulatory priorities that include infrastructure and service issues and advocate actions that benefit the County and local service providers.		
				COMMENTS:		
A	B	C		IS-IM12. Other Roadway Funding Mechanisms. The County shall pursue other funding mechanisms to augment development impact fees to meet roadway and drainage

				improvement needs, such as reimbursement agreements, debt financing, voter-approved taxes, assessment districts, and state and federal grants.		
				COMMENTS:		
A	B			IS-IM13. Drainage and Flood Control Plan. Prepare a countywide Drainage and Flood Control Plan that inventories existing facilities, prioritizes needs, and provides a basis for funding mechanisms for capital improvements and maintenance.		
				COMMENTS:		
A	B			IS-IM14. Storm Drainage Impact Fees. Establish impact fees for off-site costs clearly and rationally connected to and resulting from new development. Fee shall include escalation clauses and should be based on the County Storm Drainage Master Plan and Capital Improvement Plan.		
				COMMENTS:		
A	B	C		IS-IM15. Other Storm Drainage Funding Mechanisms. Establish other funding mechanisms, as appropriate, to augment developer and/or mitigation fees to construct and maintain storm drainage improvements, which may include reimbursement agreements, debt financing, voter-approved taxes, and assessment districts. Actively support and seek state and federal funding, such as infrastructure banks, to improve and enhance storm drainage and flood control facilities.		
				COMMENTS:		
A	B			IS-IM16. Sheriff’s Office Funding Sources. Periodically assess the adequacy of existing Sheriff’s Office funding sources and seek to identify, develop, and maintain sustainable funding sources to maintain Sheriff’s Office levels of service, including increased operational fees, development fees, new taxes, or special assessments.

A	B			IS-IM17. Fire Protection Special Assessments. Support the development of fire district special assessments and special taxes to fund fire protection services.		
				COMMENTS:		
A	B			IS-IM18. Fire Impact Fees. Support and promote the development of capital improvement programs by fire protection service providers that can be used to establish development impact fees. Develop documents to facilitate the development of impact fees, such as a methodology for establishing fee amounts and standard agreements between fire-related districts and the County.		
				COMMENTS:		
A	B	C		IS-IM19. Pooled Costs/Shared Resources for Fire Districts. In consultation with the Humboldt County Fire Chief’s Association, develop programs for special districts to reduce operating costs.		
				COMMENTS:		
A	B			IS-IM20. Fire Protection Levels of Service. Support the development of a level of service standards by the Humboldt County Fire Chief’s Association.		
				COMMENTS:		
A	B			IS-IM21. Standards of Fire Protection Response. Encourage fire districts to prepare Standards of Coverage Studies and address substandard conditions. These studies may include: establishment of baseline conditions, risk assessment, level of service standards and objectives, critical task capability assessment, reliability assessment, and policy recommendations.

				COMMENTS:		
A	B			IS-IM22. County Service Area-Fire Protection. In close coordination with fire-related districts, non-agency fire departments, and CAL FIRE, establish County Service Areas and adequate ongoing fire protection funding sources in areas with developed and developable land that cannot be served by existing fire-related districts and where new districts cannot feasibly be established. Utilize fire protection service agreements with existing fire service providers, where appropriate. Utilize County Service Areas to augment the level of service and capacity of existing fire service providers, where appropriate.		
				COMMENTS:		
A	B			IS-IM23. Fire Protection Municipal Service Review. Support the preparation of a comprehensive countywide fire protection municipal service review by the Humboldt LAFCO to determine the best approaches to improving levels of service countywide and expand service to areas outside existing fire-related district boundaries.		
				COMMENTS:		
A	B	C		IS-IM24. Monitor Infrastructure and Services Capacity. Utilize wastewater treatment plant annual reports (prepared pursuant to federal NPDES permits), water system annual inspection reports (as prepared by California Department of Public Health, Drinking Water Program), and close coordination with water and wastewater providers to monitor the capacities of infrastructure and services to ensure that growth does not exceed acceptable levels of service.		
				COMMENTS:

A	B			IS-IM26. Sizing of Water and Wastewater Systems. Provide this Plan and land inventory data to service providers for system planning, facility sizing, and CEQA evaluations of land use consistency.		
				COMMENTS:		
A	B	C		IS-IM27. Coordination with Water and Wastewater Service Providers. Utilize the review of capital improvement plans, referrals, "will serve" letters, and project review meetings, as appropriate, to coordinate with water and wastewater service providers and ensure that necessary infrastructure planning and funding mechanisms are in place to support existing, planned, and proposed development.		
				COMMENTS:		
A	B	C		IS-IM28. Use of Parkland and Fees. The County shall develop a schedule for the use of land and fees collected under parkland dedication provisions, including mechanisms for tracking the expenditure of funds for a five-year period in coordination with special districts providing parks and recreation.		
				COMMENTS:		
A	B			IS-IM29. Parks and Recreation. Prepare parks and recreation standards for new development that differentiate between urban and rural settings; specify acreage of park land per 1,000 residents; and specify land dedication, in-lieu fee, or other mechanisms to make park and recreation improvements and criteria for establishing Mello Roos Community Facilities Districts or special assessment to ensure adequate funding for operation and maintenance.
