(b) "Nuclear weapon" is any device, the intended explosion of which results from the energy released by fission or fusion reactions involving nuclei, including the means of guiding, transporting, propelling or triggering the device, provided that such means is destroyed or rendered useless in the normal guiding, transporting, propelling or triggering of the device.

(c) "Component of a nuclear weapon" is any device, radioactive or non-radioactive, specifically designed or modified for exclusive use as a part of a nuclear weapon and/or any device radioactive or non-radioactive specifically designed or modified to exclusively contribute to the operation of nuclear weapons.

By accepting our purchase orders, you are certifying to the County of Humboldt, under penalty of perjury, that you are not a nuclear weapons contractor as defined above. If you are a nuclear weapons contractor, please contact this office immediately - (707)268-2544. If your status and you become a nuclear weapons contractor, or if the County determines you to have been a nuclear weapons contractor at the time you accepted our purchase order, the County reserves the right to immediately terminate any agreement.

If the County of Humboldt has determined you are a nuclear weapons contractor and you do not agree or you feel your status has changed, you may contact the Purchasing Department to find out your rights to contest that determination.
